

RED SEA

Brothers & North

Brothers & North

Embark on an exciting liveaboard adventure in the Red Sea, where underwater beauty and history intertwine.

At the stunning Brothers Islands, known for their coral walls and abundant marine life, you'll have the chance to spot sharks. Then, sail towards Ras Mohammed, a national park offering vibrant reefs and encounters with turtles and colorful schools of fish.

Explore Yolanda Reef, famous for its shipwrecks and rich biodiversity, and dive into the legendary Thistlegorm, where the remains of this historic wreck reveal trucks and motorcycles covered in corals. Finally, at Umm Gamar, enjoy exceptional visibility and a diverse range of species.

This liveaboard experience is a unique opportunity to connect with both the nature and the history of the Red Sea. Get ready to create unforgettable memories!

Brothers Islands

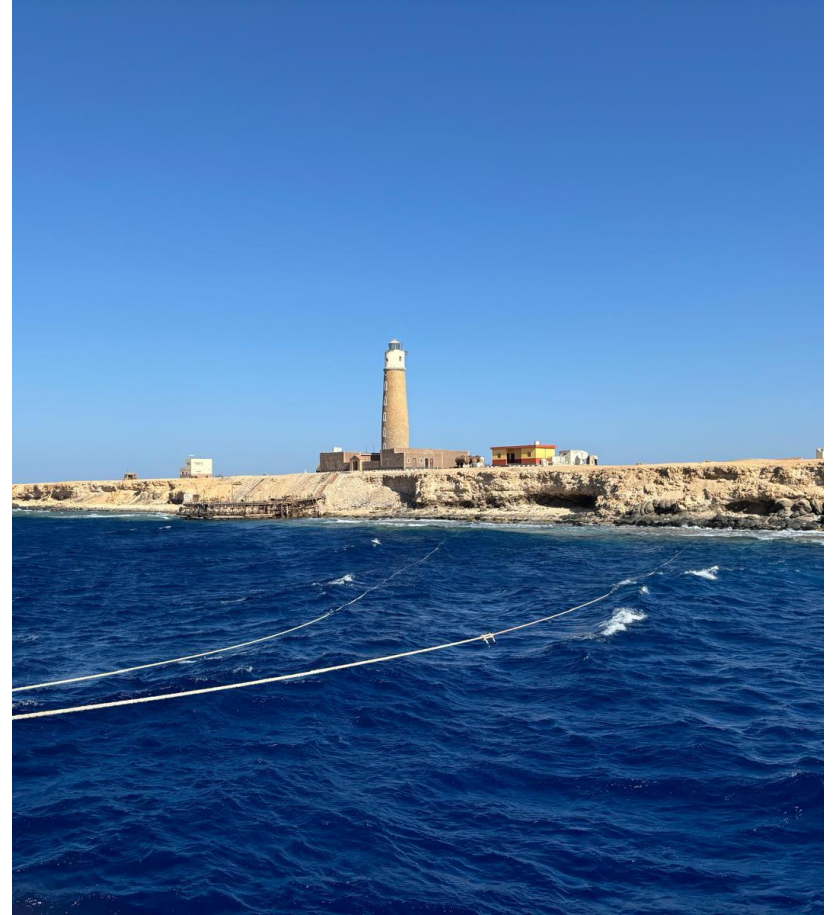

Diving in the Brothers Islands, which include Big Brother and Little Brother, is an enriching experience in the Red Sea. These islands are known for their stunning coral walls, which provide a haven for a diverse range of marine life. It's an excellent spot to encounter sharks, such as hammerheads and white-tip reef sharks, as well as other fascinating species.

The currents in this area can be challenging, making it an ideal destination for divers with some experience. Visibility is typically good, allowing you to appreciate not only the corals but also the variety of fish that inhabit the environment.

You'll have the chance to enjoy an almost pristine natural setting and observe the underwater beauty of the Red Sea up close. It's a perfect place to connect with nature and experience unforgettable moments beneath the surface.

Abu Nuhas

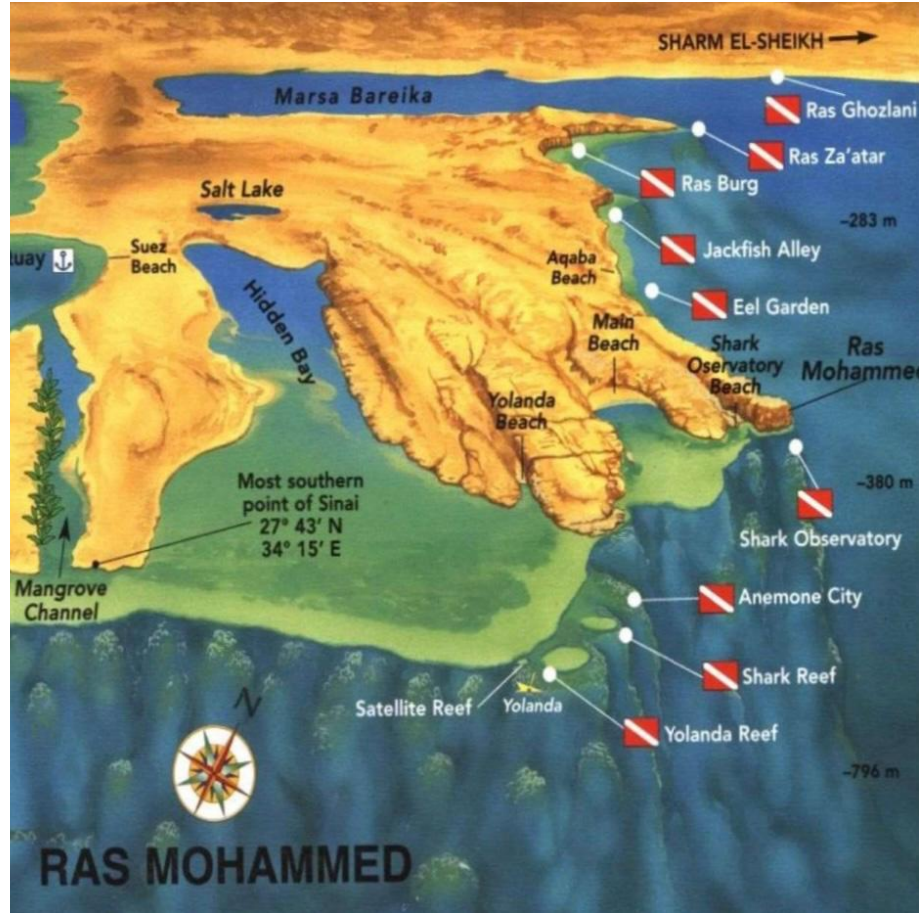

<https://maps.app.goo.gl/kbHJ1HMFLwTV2RG96>

Abu Nuhas, known as the "Shipwreck Cemetery," is famous for its numerous wrecks resting in its crystal-clear waters. Among the most iconic wrecks is the Giannis D, a Greek cargo ship that sank in 1983. At about 28 meters deep, its structure is covered in corals and is home to a diverse array of colorful fish and turtles, making it a fascinating spot to explore.

Another highlight is the Carnatic, an old cargo ship that sank in 1881. Its impressive bow and vertical mast are easily recognizable. Located around 30 meters deep, this wreck also hosts a rich marine life, with frequent encounters with tuna and groupers.

Ras Mohammed National Park

South of the Sinai Peninsula lies Ras Mohammed, Egypt's first protected national park since 1983. Initially covering 97 km², the park has expanded to 480 km². Due to its great beauty and scientific importance, the park is exceptionally well-preserved thanks to local awareness and ongoing surveillance from both land and sea.

Among all the dive sites in the park, the most notable are Shark & Yolanda Reef and Jack Fish Alley. Here, we'll discover the immense and colorful marine life that awaits in one of the best areas of Egypt's northern Red Sea route.

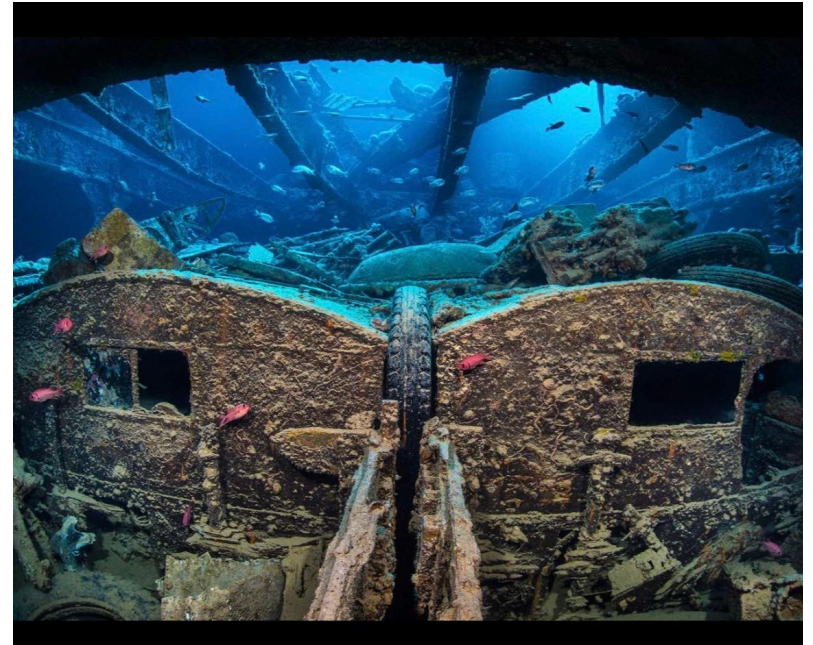

Thistlegorm

<https://maps.app.goo.gl/pmof725p7v4C6rC98>

The Thistlegorm is considered one of the best wreck dives in the world and an experience you won't want to miss. Sunk in 1941 during World War II, this British cargo ship offers a fascinating connection to history as you explore the remains of military vehicles and supplies.

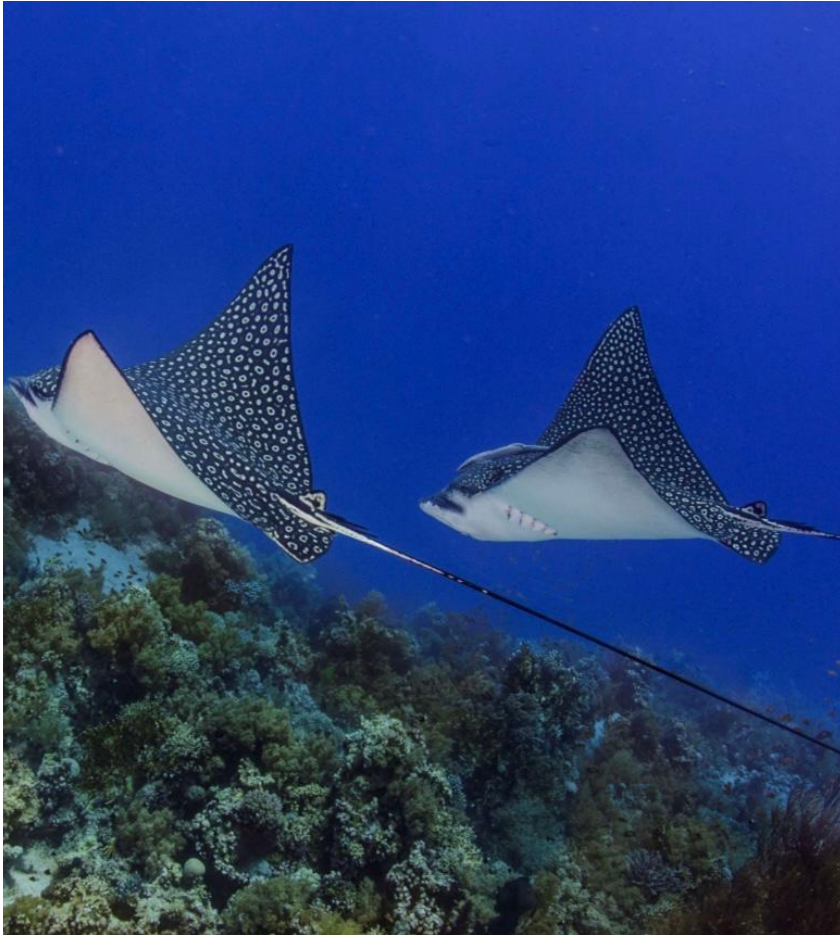

At around 30 meters deep, you can explore the deck and interior, finding trucks and motorcycles covered in colorful corals. The marine life is incredible, with schools of fish and turtles adding to the excitement of each dive.

- 45-30 days before the arrival date: 75% of the safari price
- 30 days or less before the arrival date: 100% of the safari price

FAQ

Do I need a visa to enter Egypt?

Yes, you will need a visa. Remember that your passport must be valid for at least 6 months beyond your arrival date. You can obtain the visa at the airport upon arrival, right after you leave the plane, and it costs 25 USD.

Do I need dive insurance?

Yes, dive insurance is mandatory. It can be purchased on board for 10 euros. The D.E.C.O card (Diving Emergency Center Organization) is valid for 2 weeks and covers the first hyperbaric chamber.

What diving equipment should I bring?

You should bring a dive computer, surface marker buoy (SMB), snorkel, regulator, BCD, mask, fins, and a wetsuit. We recommend bringing some spare parts.

If you need to rent equipment, please contact us before the trip.

Remember to also bring your diving certification and logbook, showing the number of dives you have completed.

What should I keep in mind?

It is strictly forbidden to hunt, fish, collect, touch corals or shells, throw anything into the sea, or feed fish. Gloves and knives are prohibited.

Violating these rules may result in the suspension of the crew and the boat from working for a period of time.

I'm interested in a course

We offer PADI courses on our boat. Please contact us before the trip to provide you with digital learning material.

Specialties: Advanced, Nitrox, Deep, Wreck.

This is an example of the type of itinerary for this area of the Red Sea, and the planned dive sites and proposed route cannot be guaranteed. Weather conditions may affect the schedule, so the final route and dive sites are subject to the approval of the captain and the dive guides.
